ABOUT ME

I am a creative thinking photographer who started my photography business in 2014. With a background in Studio Arts, Graphic Design, & Digital Photography, I have used my creative and technical skills to double my growth yearly since '14. I love my job and I LOVE my clients. My passion runs deep for the power of a captivating photo and encouraging healthy lifestyles.

WHAT I DO

I help enrich my client's businesses by providing photo content of their product for marketing and social platforms including IG, FB, and web. With my food/product styling experience, I stage and photograph all products in-house. I cater to the vision and mission of the brands I work with - giving them a personalized and distinct presence. You ship it. I photograph it. You post it.
